

WetDry™

The All-In-One Essential™

WetDry combines dry-side & wet-side stain removal agents all in one pre-mixed, low-odor product.

Removes Combination & Unknown Stains

WetDry™ combines dry-side and wet-side stain removal agents all in one pre-mixed, low-odor product. WetDry effectively removes a wide array of combination stains and flushes easily with water or steam.

The nature of a stain is not always readily apparent, making it difficult to decide which spotter to use. WetDry is ideal for “mystery” stains. Eliminate wasted time and money resulting from “trial and error” spotting. Reach for WetDry and remove most stains the first time.

WetDry contains no California Prop 65 listed ingredients and complies with California 2013 VOC regulations.

WetDry is the new essential for the spotting board.

- **Two Stain Removal Agents in One**

WetDry includes dry-side and wet-side stain removal agents combined in one pre-mixed product. WetDry removes the stains that would otherwise require two or more stain removal products.

- **Low Odor**

Many combination wet-dry stain removers have strong odors. WetDry has been formulated to be virtually odor free.

- **Versatile**

The type of stain is not always easy to determine. WetDry is versatile enough to use on a wide variety of stains, eliminating the guesswork when confronted with unknown stains.

- **Lifts & Suspends Embedded Soils**

WetDry is effective on collars, cuffs, hemlines, drape linings, and other heavily soiled areas.

- **Penetrates & Dissolves Combination Food Stains**

WetDry effectively removes an array of oily food stains such as sauces, gravies, soups, and salad dressings.

- **Effective on Latex & Other Paint Stains**

WetDry removes latex paint stains quickly and is effective on many oil-based paints.

- **Easy Flushing**

WetDry flushes easily with steam or water which makes it ideal for pre- and post-spotting.

- **Leave-On Application for Wetcleaning & Laundry**

WetDry is safe and effective for leave-on application in wetcleaning and laundry systems.

- **Safe on Delicate Fabrics**

WetDry is safe to most fabrics and colors.

All ingredients are biodegradable. Contains no Proposition 65 listed ingredients or halogenated compounds. Designed to comply with California 2013 VOC regulations.

Instructions for Using WetDry™

Use WetDry to remove these and other difficult combination dry-side & wet-side stains:

**Latex & Unknown
Paint Stains**
Foods
Gravy
Sauces & Soups
Light Oils
Light Greases
Cosmetics
Inks
Oil-Based Paints
**Embedded Soils On
Collars, Cuffs,
Hemlines & Drape
Linings**
Unknown Stains

WetDry is safe to most fabrics and colors. If colorfastness is questionable, test garment in a hidden area.

Pre-Spotting for Drycleaning

1. Apply WetDry directly to the stain.
2. Work gently with spatula or tamp with spotting brush until stain is completely loosened or removed.
3. Flush with water or steam, utilizing vacuum from spotting board.
4. Remove excess moisture with air gun.
5. Apply leveling agent to control moisture:

MultiSPOT® for perc systems

SPOTLess hc® for hydrocarbon (HFHC) systems

GreenSPOT™ for GreenEarth® (D5) systems

6. Dryclean as normal.

Pre-Spotting for Wetcleaning & Laundry

1. Apply WetDry directly to the stain.
2. Work gently with spatula or tamp with spotting brush until stain is completely loosened or removed.
3. Wetclean or launder as normal.

Post-Spotting

1. Apply WetDry directly to the stain.
2. Work gently with spatula or tamp with spotting brush until stain is completely loosened or removed.
3. Flush with water or steam, utilizing vacuum from spotting board.
4. Dry using air from spotting gun.

How to Order WetDry

WetDry is sold by authorized Street's distributors everywhere. Order WetDry from your local distributor in single one-gallon containers or in cases of four.

Specially labeled spotting bottles are available from your distributor.

Before using any chemical product, review the Material Safety Data Sheet (MSDS) for safe handling and proper disposal.

For professional drycleaning, wetcleaning and laundry use only.
