

EAGLE™

LAUNDRY DETERGENT

Combination One Shot, Enzyme Formulated Powder Laundry Detergent

Adco's **EAGLE™** is a powder combination "one shot" laundry detergent formulated to deliver superb cleaning performance.

EAGLE features:

- A powerful enzyme formula for enhanced stain removal
- Color safe oxygen bleach for whiteness
- Degreasing boosters
- Stain and soil dispersing agents
- Effectiveness at lower temperatures
- **EAGLE** is an excellent choice for use in hybrid powder-liquid applications.

EAGLE is part of Adco's retail laundry line of products, designed for professional cleaners for shirt or hospitality laundering using either professional or consumer washing machines. Designed for un-pretreated laundry loads with moderate soil, stains and body odors.

EAGLE Use Instructions

LAUNDRY DETERGENT

For professional laundry use only. Before using any chemical product, review the Safety Data Sheet (SDS) for safe handling and proper disposal.

Laundry Use

*Follow garment care label and garment fiber content and construction to select appropriate washing and drying settings and finishing methods. Safe on all washable, colorfast fabrics including polyester and other synthetic blends. **DO NOT use on natural silk or wool.** Safe on all metals and rubbers found in laundry equipment. If colorfastness is questionable, test garment in a hidden area.*

- Use between 4 to 8 oz. for every 50-pound load (120 to 240 mL per 23 kg load).
- This product is formulated to provide effective performance in cold, warm or hot water.
- Required dosage levels will vary with water temperature, water hardness, dirt load, and dirt type.
- Typical laundry operations should incorporate a sour, such as Laidlaw NULLIFY™ or Adco Liquid Sour™, to reduce the pH in the final rinse.

How to Order EAGLE

Order from your authorized Adco –Laidlaw local distributor in 50-pound pails and 100-pound drums.
