

# Soft Sour™

## Combination Liquid Sour, Fabric Softener & Conditioner

**Soft Sour** is formulated for the *Adco 3-Part Laundry System*. **Soft Sour** combines the neutralizing capabilities of **Adco Liquid Sour** with effective softeners and conditioners.

### Soft Sour's Alkalinity Neutralizing Benefits:

- Reduce pH to safe optimal levels
- Help protect the life-span of fabrics
- Help prevent dye loss on shirts and other garments with pH sensitive dyestuffs and fibers

### Soft Sour's Softening and Conditioning Benefits:

- Add softness and imparts a pleasant hand
- Eliminate static
- Help prevent excessive linting
- Aid in the prevention of garment shrinkage and fabric distortion

The *Adco 3-Part Laundry System* permits customizable professional laundry use in smaller commercial operations with limited space such as:

- Nursing homes
- Assisted living centers
- Small hotel/motels
- Dry cleaners with moderate to large shirt laundry operations
- Wash, dry, fold operations

**Soft Sour** is used with the other products in the *3-Part Laundry System*

- **FLEX PLUS**
- **Soft Sour**
- **Adco Oxygen Bleach** or **Adco Chlorine Bleach**

## SOFT SOUR Use Instructions

*For professional laundry use only. Before using any chemical product, review the Safety Data Sheet (SDS) for safe handling and proper disposal. Follow garment care label and garment fiber content and construction to select appropriate washing and drying settings and finishing methods. Safe on all washable, colorfast fabrics including polyester and other synthetic blends. If colorfastness is questionable, test garment in a hidden area.*

### Laundry Use

*The following are guidelines only. Please consult your Street/Adco representative for the optimal products, dosages, and programs for your specific cleaning and business needs.*

- Titration of the drain water or using a sour indicator is recommended
- **Soft Sour** should be used with automatic dispensing equipment.
- Usage Rates will depend on pH. Typical dosage is:
  - 1.5 – 2 oz. (45 – 60 mL) per 50 lb. (23 kg) load.
- **CAUTION:** Overuse of sour can result in leaving the fabric with a strong residual acid content which, when combined with heat, can damage the fibers.

#### How to Order Soft Sour

Order from your authorized Adco –Laidlaw local distributor in 5-gallon pails and 15-gallon drums.
