

H2PRO® Degreaser & Booster provides effective removal of a wide range of greases and oils in a variety of water conditions and temperatures

Degreaser & Booster for Professional Wetcleaning

H2PRO® Degreaser is a uniquely formulated product that is ideal for wetcleaning loads where there is a higher than average level of greases, oils and particulate matter on items. **H2PRO Degreaser** is effective across a wide range of temperatures and water conditions, which makes **H2PRO Degreaser** a perfect choice for use in diverse water-based cleaning applications from professional wetcleaning to both consumer and industrial type laundry machines.

- **Helps Remove a Wide Range of Greasy & Oily Stains**

H2PRO Degreaser is effective on:

- Tar
- Asphalt
- Grease
- Paint
- Oils
- Cosmetics
- Oily Foods
- Other Greasy and Oily Stains

- **Versatile: Effective in Wide Temperature Range**

Works as a degreaser and emulsifier even at lower temperatures (90° - 140° F/ 32° -60°C).

- **Boosts Degreasing Capabilities of Detergents**

When used in conjunction with H2PRO detergents **H2PRO Degreaser** further increases the already effective degreasing capabilities of these detergents on heavily greasy loads.

- **Ideal for heavy, greasy soils, and particulate soils**

H2PRO Degreaser is ideal for wetcleaning loads such as industrial or food service workwear, where there is heavier greasy and particulate soils than in most average wetcleaning loads

H2PRO Degreaser is designed to be used in conjunction with the H2PRO Line of Professional Wetcleaning Products.

Clean Smarter With Water™. Use H2PRO.

Instructions for Using H₂PRO® Degreaser

Follow garment care label and garment fiber content and construction to select appropriate washing and drying settings and finishing methods. Before cleaning garments, remove any solvent-soluble or hard-set stains using the appropriate Street's stain removers.

Wetcleaning Use

Use **H₂PRO Degreaser** at a rate of ½ to ¾ oz per 10 pounds (or 35 to 50 mL per 10 kg) of load, depending on depending on classification, water temperatures, and degree of soiling.

Laundry Use

Add to any washer via injection during the prewash, break, or suds cycle. Use 1 to 2 oz per 10 pounds (or 65 to 195 mL per 1 kg) of load, depending on classification, water temperatures, and degree of soiling.

How to Order H₂PRO Degreaser & Booster

H₂PRO Degreaser is sold by authorized Street's distributors. **H₂PRO Degreaser** is available in single one-gallon containers (3.785 L), cases of four, 5-gallon pails (18.93 L) or 15-gallon drums (56.78 L).

*Before using any chemical product, review the Safety Data Sheet (SDS) for safe handling and proper disposal.
For professional wetcleaning & laundry use only.*
