

# LAUNDRY Wetspo®

## STAIN REMOVAL

### Wet-Side Biodegradable Paint, Oil, and Grease Remover

**Laundry WETSCO** is an advanced formula designed specifically for wetcleaning and laundry applications, allowing for the effective removal of solvent-soluble stains without the need for drycleaning first. It rinses freely during washing, ensuring no residue is left behind, and is safe for use on all washable fabrics.

Tough stains like paint, oil, grease, lipstick, shoe polish, ink, and wax can be easily tackled, making it an essential tool for achieving a thorough clean. Plus, its unique formulation enables seamless rinsing and feathering, preventing spotting rings and eliminating the need for recleaning.

#### Designed for Wetcleaning & Laundry

Specially formulated to work effectively in wetcleaning and laundry applications.

#### Rinses Freely During Washing

Easily washes out with water, leaving no residue behind.

#### Versatile

Laundry WETSCO can be used for treating stains prior to and after wetcleaning.

#### Removes Tough Stains

Effectively eliminates paint, oil, grease, lipstick, shoe polish, ink, and wax.

#### Safe on Fabrics

Gentle yet effective on all washable garments and textiles.

# Laidlaw Laundry WETSPO® Use Instructions

*For professional drycleaning, wetcleaning & laundry use only. Read Safety Data Sheet for further instructions, warnings, and first aid information before using this product. If colorfastness is questionable, test fabric in a hidden area.*

## Pre-Spotting with Laundry WETSPO:

- Apply **Laundry WETSPO** directly to the stain
- Work in using a spatula or spotting brush.
- No need to flush, simply wetclean or laundder the item as usual.
- For latex paint, first wet the area with water then apply **Laundry WETSPO**

***Note: Flush and dry area if pre-spotted item is to be drycleaned.***

## Post-Spotting with Laundry WETSPO:

- Apply **LAUNDRY WETSPO** directly to stained area.
- Work into the stain using a spatula or spotting brush.
- When soil is loosened from fabric, rinse with water or steam.
- Use the feathering technique, described below, to dry the stained area to prevent the formation of spotting rings.

## Feathering Technique:

- Thoroughly flush stain removal products from the fabric.
- Then, while continuing to hold the steam gun about four inches (10 cm) from the fabric and applying vacuum, work from the center of the wet area, moving the steam gun in a circular pattern outward beyond the edge of the area and raising the gun further away from the fabric to make the area increasingly dry toward the edge.
- Using air from the gun, start at the outer edge and work your way back into the center, drying the fabric as you do so.

## How to Order Laundry WETSPO:

Order from your authorized Adco -Laidlaw local distributor in single one-gallon containers (3.785 L) or cases of four.
