Adco Professional Products, LLC, Chicago, IL 60608

NEUTRA Use Instructions

For professional drycleaning, wetcleaning & laundry use only. Read Safety Data Sheet for further instructions, warnings, and first aid information before using this product. If colorfastness is questionable, test fabric in a hidden area.

General Wet-Side Spotting:

- Wet stain with **NEUTRA**.
- Work gently with spotting brush and spatula.
- Flush with water or wet steam.

IF STAIN IS REMOVED:

For wetcleaning or laundry: Machine wash as normal

For drycleaning: Rinse with steam or water and feather out area dry. Level with **Easy-Out™** or other leveling agent to prevent spotting rings. Dryclean promptly.

IF STAIN REMAINS:

Apply **NEUTRA** again, then apply specialized wet-side stain remover (**BPR™**, **SUPER-TAN™**, bleach, etc.) work and flush.

NOTE: always test fabrics for bleeding or color change before using acidic, alkaline, or bleaching solutions.

For wetcleaning or laundry: Machine wash as normal.

For drycleaning: Rinse with steam or water and feather out area dry. Level with **Easy-Out™** or other leveling agent to prevent spotting rings. Dryclean promptly.

Soaking Solution:

For the removal of redeposition, soak washable garments in a solution of 2-3 ounces NEUTRA per gallon (or 15 mL-25 mL per liter) of water for 5-10 minutes with good agitation. Rinse well and dry.

How to Order NEUTRA

NEUTRA is sold by authorized Adco distributors. Order from your local distributor in single one-gallon (3.785 L) containers or in boxes of four 1-gallon containers.
