Knock Out Use Instructions

For professional drycleaning, wetcleaning & laundry use only. Read Safety Data Sheet for further instructions, warnings, and first aid information before using this product. If colorfastness is questionable, test fabric in a hidden area.

Pre-Spotting:

- Use full strength. Do not dilute.
- Apply **Knock Out** to the stain.
- Allow time for product to work & any hardened surfaces to soften.
- Tamp with spotting brush or work lightly with bone scraper until stain disperses into fabric.
- Apply more **Knock Out** if required. For very heavy ink stains, apply **Knock Out** liberally and absorb with blotter or towel under fabric.
- After spot is dispersed, flush with **PURO™** or other volatile dry spotter.
- Dry thoroughly with the spotting gun and then dryclean promptly.

Note: Dry-side stain removal requires that no moisture be present during the process. The use of water or steam may result in permanent color loss and/or spreading of the stain.

How to Order Knock Out

Order from your authorized Adco – Laidlaw local distributor in 1-gallon containers or boxes of four 1-gallon containers.
